

Get

FREE ID ProtectALLSM

and a

FREE PhotoSecureTM ID Debit Card

when you open any MetaBank personal checking account!

Most banks are content to just tell you about identity theft – or sell you protection for a fee.

At MetaBank, we feel you should expect us to help protect your identity, not charge you for doing it. You'll also get 6 free months of Identity Guard[®] credit monitoring service*.

Is your bank doing this for you? Stop by your nearby MetaBank today – we'll even help switch your account!

*After six months you can choose to continue Identity Guard[®] for as little as \$4.99 per month. ID ProtectALLSM is provided free-of-charge for the life of your account; reimbursement levels vary by account type. See us for complete details.
